PROFESSIONAL SUMMARY

Web developer with 1+ year of hands-on experience building responsive, performance-focused websites using Next.js, JavaScript, and Tailwind CSS, alongside custom WordPress theme and plugin development. Delivers projects end to end — requirements gathering through deployment on Vercel with GitHub version control. Currently completing a BBA, combining business insight with technical execution to build websites that serve real business goals.

TECHNICAL SKILLS

Languages: HTML5, CSS3, JavaScript, PHP (WordPress)

Frameworks & Libraries: Next.js & Tailwind CSS

CMS: WordPress — theme development & customization, plugin development & customization, Elementor

Tools & Deployment: GitHub, Vercel, VS Code, Claude AI (AI-assisted development)

Practices: Responsive & mobile-first design, cross-browser compatibility, web performance optimization

PROFESSIONAL EXPERIENCE

WordPress Developer & Designer — MIK Service (4 months)

- Developed and customized WordPress plugins to meet client-specific functional requirements, reducing dependency on paid thirdparty plugins and recurring license costs.
- Customized themes to match client branding and business websites, translating design direction into working, on-brand responsive layouts.
- Optimized site speed through image compression, caching, and asset cleanup, improving page load times and Core Web Vitals scores.
- Gathered requirements directly from clients and delivered every project on deadline while managing multiple concurrent builds.

Freelance Web Developer — Independent Projects (1 year)

- Designed and developed responsive web applications using Next.js, Tailwind CSS, and JavaScript, from wireframe through production deployment.
- Implemented reusable component architecture and utility-first styling, cutting development time on subsequent pages and keeping the UI consistent.
- Deployed all projects to Vercel with continuous deployment from GitHub, and used Claude AI for rapid prototyping, debugging, and code review.

EDUCATION

Bachelor of Business Administration (BBA) — Virtual University of Pakistan, Islamabad

Intermediate in Commerce — Board of Intermediate Education, Karachi

Matriculation, Computer Science — Board of Secondary Education, Karachi
